#### Val Verde County

509 E. Gibbs Del Rio, TX 78840 Matthew S. Weingardt, CPA
County Auditor

Phone: (830) 774-7584 Fax: (830) 703-8811

#### April 30<sup>th</sup> 2021

Honorable District Judges of Val Verde County, Honorable Members of the Val Verde County Commissioners Court and the Citizens of Val Verde County.

The County Auditor's Office proudly submits the Comprehensive Annual Financial Report of Val Verde County, Texas for the fiscal year ended September 30, 2020. This report is submitted in compliance with Texas Local Government Code §114.025

#### Responsibility for Financial Statements

This report was prepared by the County Auditor's Office. Responsibility for both accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rest with the county. We believe the data, as presented, is accurate in all material aspects; that it is presented in a manner designed to fairly set forth the financial position and the results of operations of the county as measured by the financial activity of its various funds and that all disclosures necessary to enable the reader to gain a reasonable understanding of the County's financial affairs.

The County Auditor serves as the Chief Financial Officer of Val Verde County. By statue the County Auditor reports to the State District Judges who appoint the auditor every two years. This provides for an independent review of county financial operations separate from Commissioners Court, the legislative and executive branch of county government. The County Auditor is responsible for the accounting system design, audit functions required by law, general control of finances, revenue certification and ensuring that the county meets its fiduciary responsibilities to taxpayers with regard to county finances by strictly enforcing the statutes governing county finances as provided by Local Government Code. As an appointed official the County Auditor takes an oath to uphold the Constitution and the laws of the State of Texas.

#### Reporting Standards

The accompanying financial statements have been prepared in conformity with Generally Accepted Accounting Principles (GAAP) in the United States of America as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted primary standard-setting body for the establishing governmental accounting and financial reporting standards.

GAAP requires that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of a Management's Discussion and Analysis (MD&A). The letter

of transmittal is designed to complement the MD&A and it should be read in conjunction with it. The MD&A can be found in the Financial Section of this report.

#### **Accounting System and Internal Controls**

In developing and evaluating the accounting system, consideration is given to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding: (1) the reliability of the financial reporting (2) the effectiveness and efficiency of operations and (3) compliance with applicable laws and regulations. The concept of reasonable assurance recognizes that (1) costs of a control should not exceed the benefits likely derived and (2) the evaluation of costs and benefits requires estimates and judgement by management.

All internal control evaluations occur within the above framework. We believe the County's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.

#### <u>Independent Audit of Financials</u>

Cascos & Associates, PC Certified Public Accountants, has audited the County's financial statements. The goal of the independent audit was to provide reasonable assurance that the basic financial statements of the County, for the fiscal year ended September 30, 2019, are free of material misstatement. The examination was conducted in accordance with Generally Accepted Governmental Auditing Standards (GAAS). The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements; assessing the accounting principles used; and evaluating the overall financial statement presentation. The independent auditor concluded, based on the audit, that there was a reasonable basis for rendering an unmodified ("clean") opinion that the County's financial statement for the fiscal year ended September 30, 2019 are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

This firm was also engaged to perform an audit of the County's Federal and State Awards that was designed to meet the audit requirements of: Title 2 U.S. Code of Federal Requirements (CFR) Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards: the State of Texas Uniform Grant Management Standards: and the State of Texas Single Audit Circular. The audit reports on Federal and State Awards are issued separately in the back of this report, see table of contents for location.

#### **Profile of Val Verde County**

#### **Geographic Information**

Val Verde County is located along the Texas/Mexico border in the Southwestern Region of the state and sits above the Edwards Plateau. Val Verde County covers approximately 3,200 square miles of land and approximately 62 square miles of water. The County is conveniently located approximately 150 miles south of San Angelo, 150 miles west of San Antonio and 150 miles north of Laredo.

#### History

The formation of Val Verde County is directly linked to the arrival of the railroad line in Southwest Texas. Before the railroad, Del Rio was a small farming community on the western fringe of Kinney County. By coming to Del Rio in 1882, the railroad gave the town a huge boost in economic activity and population growth. Secondly, the railroad bypassed the Kinney County seat of Brackettville. The population growth of that town did not keep pace, and Del Rio quickly outgrew the county seat. As a result, from 1882 to 1885, there was a growing popular demand for the creation of a new county with Del Rio as its seat county.

There is a tradition in Texas (and in the rest of the South) of dedicating and naming things for Confederate Civil War figures. Many West Texas counties were named for Confederate leaders. Tom Green County was named for Confederate General Thomas Green who was one of the heroes at the Civil War Battle of Val Verde. It is easy to believe that the Civil War battle gave the County its name.

It is just as easy to believe that the Val Verde name is an environmental observation. Val Verde County has a wealth of water resources absent from so much of West Texas. With the Rio Grande, Devil's River, Pecos River, San Felipe Springs, California Springs, and others, a name reflecting the fertility of Del Rio's canal system and the valleys (or canyons) is perfectly reasonable.

Neither argument is supported by contemporaneous documentation. And so the mystery of the naming of Val Verde County remains.

~Val Verde County Historical Commission

#### **County Structure**

Val Verde County is a political subdivision of the State of Texas. The county seat is the city of Del Rio. The general governing body of the County is an elected five-member Commissioners' Court (Court) in accordance with Article 5, Paragraph 18 of the Texas Constitution. The Court is comprised of the County Judge, who is the presiding officer, and four Commissioners. The County Judge is elected at large to serve a four-year term. Commissioners serve four-year staggered terms, two members elected every two years. The Court, which generally meets two times per month, sets the calendar for regularly scheduled commissioners' court dates on an annual basis. This calendar is available from the County Judge's or the County Clerk's office.

The Court sets the tax rate, approves financial commitments, and adopts the County budget. The Court is also responsible for the development of policies, approves contracts for the County, and makes appointments of various department heads. The management and leadership provided by members of the Court, and elected and appointed officials of other departments, are crucial to the success of the County's financial management and growth.

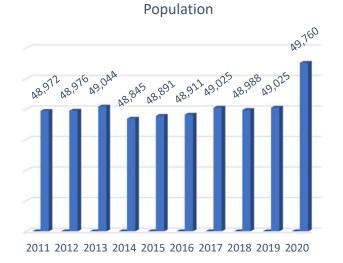

#### **Budget Process**

The annual budget serves as the foundation for the County's financial planning and control. All departments of the County are required to submit requests for appropriations to the County Judge during the month of May of each year. The County Judge, whom is the budget officer for the County, then uses these requests as the starting point for developing the County Judge's proposed budget. This budget is presented to the County Commissioners for their review. From the County Judge's proposed budget, which is filed with the County Clerk, County Commissioners work with the County Judge to prepare the Courts proposed budget. The Court then holds a public hearing on the Courts proposed budget which includes only the governmental funds of the county as the county has no enterprise funds, internal service funds or component units. The County is required to adopt a final budget by the first day of the new fiscal year. The adopted budget is appropriated by fund, department and line item. The Court approves the budget on a departmental basis with any changes required to be approved by Commissioners' Court. Budget-to-actual comparisons are provided in this report for each major governmental fund for which an appropriated annual budget has been adopted.

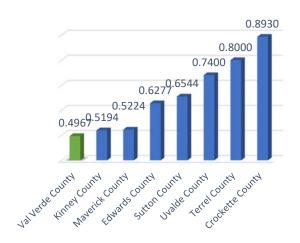

The County follows an encumbrance accounting system along with purchasing laws and approved policies as a method to accomplish budgetary control. The County Auditor monitors expenditures of the various departments to prevent expenditures from exceeding budgeted appropriations and sends a monthly budget report to Commissioners Court for their review. Year-end encumbrances are added to the following years adopted budget. For budgeted funds, appropriations that are not encumbered lapse at the end of the year. The Court has the power to amend the budget by transferring an amount from one item to another with authorizing an emergency expenditure, as long as total adopted appropriations per fund do not exceed the adopted budget. Additionally, the County Auditor my certify revenue that was unanticipated and not included in the adopted budget to increase appropriations, in accordance with Texas Local Government Code.

#### Population and Area County Tax Rates

The County's population has grown roughly 1.5% (census estimated increase) to 49,760 from the prior year and per capita income has risen 38% to \$38,331 since the recession of 2008, according to U.S. Census and U.S. Bureau of Economic Analysis. It is anticipated that population will see a sharp increase after the new Census data in 2020. The County maintains the lowest tax rate of all the surrounding counties.

#### **Surrounding Counties Tax Rates**

Includes 3% discount on early payments for eligible taxing jurisdictions.

Residing in the county seat of Del Rio, Texas the total property tax and percentages of those taxes are below (after discounts). Every effort is made to try to keep property taxes steady and raised only for capital projects.

San Felipe ISD Tax Rate 1.0497 44.39%

City of Del Rio Tax Rate 0.7209 30.49%

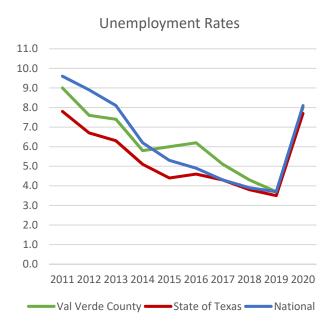

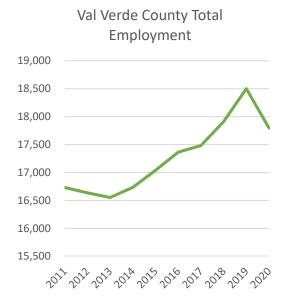

Val Verde County
Tax Rate 0.4967
VVC Regional
21.01%
Hospital
Tax Rate 0.0972
4.11%

#### **Economic Condition**

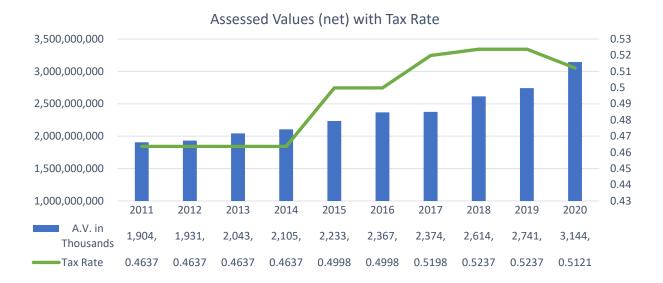

#### **Local Economy**

The County of Val Verde is experiencing the same economic conditions as other Southwestern Texas Counties with the exception of having the benefit of an International bridge serving as a Port of Entry for goods flowing through the borders of the North American Free Trade Agreement (NAFTA). NAFTA concluded its 25<sup>th</sup> year and some have credited this to bringing down the local unemployment rate from double digits. The County is also home to Laughlin Air Force Base, training the world's best pilots. This combination does add significantly to the local economy. The Del Rio Chamber of Commerce estimates Laughlin Air Force Base economic impact of \$243 million and 4,725 direct and indirect jobs. During the last few years Val Verde County's unemployment rate has declined at a faster rate than the state or national rates. Total employment of 17,979 (BLS estimate) in the county is a drop from the previous highest level ever recorded in the county. This drop in total employment and rise in unemployment rates was due to the current COVID-19 pandemic that no taxing entity has been immune to.

Assessed property valuations (net) grew on a year over year basis at 15% and has grown 65% for the past 10 years. Average homestead values have grown 13% year over year and 18% during the last past 5 years.

**Financial Polices and Long-Term Financial Planning** 

#### Long-Term Financing

For major capital expenditures and projects, the County remains utilizing a tier system of first trying to secure funding for projects with federal and state grants, program or user revenues, special assessments and finally General Fund revenues. The Court believes raising property taxes should be the last revenue stream to fund a capital project. The County maintains an A rating with stable outlook from S&P Global Ratings agency.

#### **Relevant Financial Policies**

As sound financial management practice, members of the Court emphasize maintaining a sufficient unassigned fund balance to assist in maintaining financial stability, funding for emergencies and major capital projects, and retaining and enhancing the County's bond rating. The County includes a separate "Contingency" line item of approximately 6% of expenditures in the subsequent year, which was increased for the unexpected expenditures relating to the current pandemic. This safeguards that unexpected situations do not diminish our projected fund balances, keeping them at a safe and healthy level.

The county deposits idle cash into temporary investment vehicles in accordance with its formal investment policy. Temporary investments may include, among others, certificates of deposit, United States government agency securities, money market investment accounts, and local government investment pool facilities.

The County's goal in the subsequent year is to pass a formal fund balance, as well as capital improvement and debt policies.

#### Major initiative

The long-term consolidated vision of the court is to secure funding for a new Judicial Center which will house all the departments related to judicial duties. In bringing this project to realization the Court is following a multi-directional plan of increasing its bond rating and exploring financing alternatives and opportunities. Many factors are weighed when rating agencies rate any entity including population growth, economic climate, financial stability, tax base expansion and diversification, coupled with sound management practices, policies, and the balance of unreserved funds in the General Fund. The Court believes by adopting this campaign it will have a synergistic effect and save the county citizens millions of dollars in interest cost and reduce the amount of time to get the Judicial Center Project started.

#### **Awards and Acknowledgements**

#### **Awards**

The Government Finance Officers Association of the United States and Canada (GFOA) whose mission is to advance excellence in state and local government financial reporting, awarded Val Verde County the Certificate of Achievement for Excellence in Financial Reporting of the Comprehensive Annual Financial Report for FY 2018-2019, along with the Certificate of Distinguished Budget Presentation for its FY 2019-2020 Budget. To receive these awards from GFOA, an entity must publish an easily readable and efficiently organized comprehensive annual financial data whose content conforms to program standards. The certificates are valid for one year only and must be resubmitted every year. In addition, the county has received the Transparency Star Award for traditional finances from the State of Texas comptroller's Office. This award is given to local governments who open their books in five areas: traditional finances, areas of contracts and procurement, economic development, public pensions and debt obligations. They must also provide clear and meaningful financial information through summaries, visualizations and downloadable data posted to the entity's website. These awards show the county's commitment to financial excellence and transparency.

#### Acknowledgements

Clearly, preparing a report of this dimension is not an easy task. The successful completion could not have been possible without the hard work, dedication and long hours willingly given by the County Auditors staff and the professional services provided by our Independent Auditors, Cascos and Associates, PC. I also wish to commend the county officials, department heads, and all members of the departments who assisted and contributed to the preparation of this report. It is important to recognize the members of the Commissioners Court for their vision and involvement in planning and conducting the financial operations of the County as a whole.

In addition, a sincere and grateful appreciation is extended to the District Judges of Val Verde County for their leadership role, unwavering support and enabling this office to perform its duties in a responsible and progressive manner. I am truly honored to work with the outstanding officials and employees that aid to make Val Verde County one of the best in Texas.

Respectfully submitted,

Matthew S. Weingardt, CPA Val Verde County Auditor

Match S Wigard

#### INDEPENDENT AUDITORS' REPORT

To the Honorable County Judge and Commissioners' Court Val Verde County, Texas

#### Report of the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Val Verde County, Texas (the "County") as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

The County's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the County, as of September 30, 2020, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Other Matters

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary information, pension and other post-employment benefits (OPEB) information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements and schedules, and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR), Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and is also not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

#### Other Reporting Required by Government Auditing Standards

Ousen & associates, Pc

In accordance with Government Auditing Standards, we have also issued our report dated April 30, 2021, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the County's internal control over financial reporting and compliance.

# VAL VERDE COUNTY, TEXAS MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2020

The following is a narrative overview and analysis of the financial activities of Val Verde County (County) for the fiscal year ended September 30, 2020. Please consider the information presented here in conjunction with the transmittal letter, financial statements, and related footnotes.

#### FINANCIAL HIGHLIGHTS

#### **Government-wide:**

- The County's assets and deferred outflow of resources exceeded its liabilities and deferred inflows of resources at the close of the fiscal year 2020 by \$23,422,909 (total net position). The total amount of \$3,202,197 (unrestricted net position) may be used to meet the County's ongoing obligations to citizens and creditors.
- The County's total net position increased by \$5,697,124 or 32% from prior year.
- The robust increase was due primarily to increases in net capital assets and reductions in pension liabilities.

#### **Fund Financial Statements:**

- At the close of the current fiscal year, the County's governmental funds reported combined ending fund balances of \$10,872,156, an increase of \$1,906,520 or 21% from prior year.
- The County's General Fund, which is the main operating fund of the County ended at \$8,966,856 an increase of \$1,741,623 or 24.1% from prior year. The unassigned fund balance for the general fund was \$3,914,063 or 22.2% of reoccurring revenues, slightly above the minimal recommend level by Government Finance Officer Association (GFOA) of 16.4%. The General Funds robust increase was due to reduced normal operational expenditures during the current pandemic as priorities had changed the mission of the leadership and grants were awarded to facilitate that new mission.

#### **Long-Term Debt:**

• Total bonds (including self-supporting bonds), tax notes and capital lease liabilities increased by a net amount of \$1,705,542. At the close of the fiscal year the County has outstanding \$8,150,00 in property tax supported debt.

#### **OVERVIEW OF THE FINANCIAL STATEMENTS**

This annual report consists of three parts—management's discussion and analysis (this section), the basic financial statements, and required supplementary information. The basic financial statements include two types of statements that present different views of the County:

- The first two statements are *government-wide financial statements* that provide both *long-term* and *short-term* information about the County's overall financial status.
- The remaining statements are fund financial statements that focus on individual parts of the government, reporting the County's operations in more detail than the government-wide statements.

- The governmental funds statements tell how general government services were financed in the short term as well as what remains for future spending.

Fiduciary fund statements provide information about the financial relationships in which the County acts solely as a trustee or agent for the benefit of others, to whom the resources in question belong.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the information in the financial statements.

**Government-wide Financial Statements.** The *government-wide financial statements* are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information of the County's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating. The reported change in financial condition is a change in cash position and not a change in the economic condition of the County.

The statement of activities presents information showing how the County's net position changed during the most recent fiscal year. All changes in net position are reported as the underlying event giving rise to the change occurred, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will not result in cash flows until future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave). This statement also presents a comparison between direct expenses and program revenues for each function of the County.

The governmental activities on the government-wide financial statements of the County are principally supported by taxes and intergovernmental receipts. The governmental activities of the County include general government, legal, health and welfare, judicial, public safety, culture and recreation, roads and bridges and interest on long-term debt.

The government-wide financial statements can be found on pages 27-28 of this report.

**Fund Financial Statements.** A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Val Verde County, Texas like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance related legal requirements. All of the funds of the County can be divided into two categories: governmental funds and fiduciary funds.

**Governmental Funds.** Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of receipts, disbursements, and changes in cash basis fund balances for the General Fund, which is considered to be a major fund. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* elsewhere in this report.

The County adopts an annual appropriated budget for its General, Road and Bridge, and Interest and Sinking Funds. A budgetary comparison statement has been provided for these funds to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 29-32 of this report.

**Fiduciary Funds.** Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statement because the resources of those funds are *not* available to support the County's own programs.

The fiduciary fund financial statements can be found on pages 33 and 116-129 of this report.

**Notes to the Financial Statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

The notes to the financial statements can be found on pages 34-58 of this report.

**Other Information.** In addition to the basic financial statements and accompanying notes, this report also presents required supplementary information concerning the County's progress in funding its obligation to provide pension and OPEB benefits to its employees. Required supplementary information can be found starting on page 55 of this report. The combining statements referred to earlier in connection with nonmajor governmental funds are presented immediately following the required supplementary information on pensions and OPEB. Combining and individual fund statements and schedules can be found on pages 76-115 of this report.

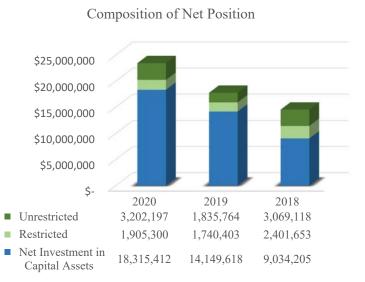

#### **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

As noted earlier, net position over time, may serve as a useful indicator of a government's financial position. In the case of the County's, assets and deferred outflows of resources exceeded liabilities by \$23,422,909 at the close of the most recent fiscal year.

| Net position:                         |                            |                            |                      |
| Net Investment in Capital Assets      | 18,315,412                 | 14,149,618                 | 9,034,205            |
| Restricted                            | 1,905,300                  | 1,740,403                  | 2,401,653            |
| Unrestricted                          | 3,202,197                  | 1,835,764                  | 3,069,118            |
| Total Net position                    | \$ 23,422,909              | \$ 17,725,785              | <u>\$ 14,504,976</u> |
|                                       |                            |                            |                      |

The largest portion of the County's net position (78%) reflects its investment in capital assets e.g., land, buildings. equipment, machinery, vehicles, infrastructure, less any related outstanding debt that was used to acquire those assets. The County uses these capital assets to provide a variety of services to its citizens. Accordingly, these assets are not available for future spending. Although the County's investment in capital assets is reported net of related debt, it should be noted that the resources used to repay this debt must be provided from other sources, since the majority of capital assets themselves cannot be used to liquidate these liabilities. An additional portion of the County's net

position (8%) represents resources that are subject to external restrictions, constitutional provisions or enabling legislation regarding how they may be used. The remaining balance of (14%) is unrestricted and may be used to meet the government's ongoing obligations to its citizens and creditors.

|   |               |               |

#### **Governmental Activities**

During the current fiscal year, net position for governmental activities increased by the aggregate of \$5,697,124 from the prior fiscal year for an ending balance of \$23,422,909 a 32% increase. The increase was approximated by property taxes (\$1 mil), Charges for Services (\$2.6 mil), savings in expenditures from prior year (\$750k). The following charts below depicts total revenues of governmental activities (government-wide) for fiscal year 2020 from the above financial statements.

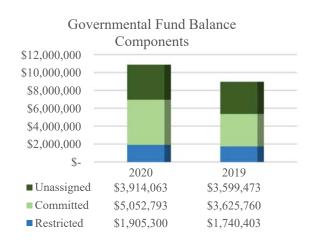

Expenses and Program Revenues - Governmental Activities

#### THE COUNTY'S FUNDS

Val Verde County, Texas uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

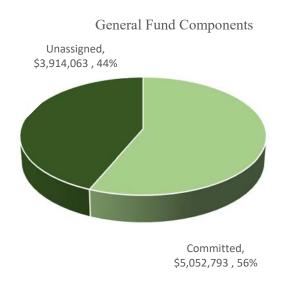

Governmental Funds. The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for discretionary use as they represent the portion of fund balance which has not yet been limited to use for a particular purpose by the County.

At the end of fiscal year 2020, the County's *governmental* funds reported combined ending fund balances of \$10,872,156 an increase of \$1,906,520 in comparison with the prior year. Approximately 36% of this amount, \$3,914,063 constitutes for unassigned fund balance, which is

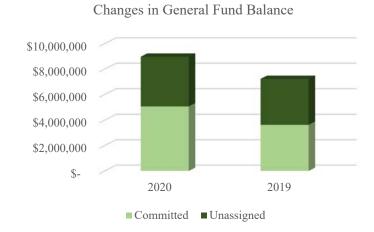

available for spending at the government's discretion. The remainder of the fund balance is either non-spendable, restricted, committed, or assigned to indicate that it is 1) not in spendable form, 2) legally required to be maintained intact, 3) restricted for particular purposes, 4) committed for particular purposes, or 5) assigned for particular purposes.

#### **General Fund**

The General Fund is the chief operating fund of the County. At the end of fiscal year 2020, the General Fund had an ending fund balance of \$8,966,856. As a measure of the General Fund's liquidity, it may be useful to compare unassigned fund balance to total fund reoccurring revenues or expenditures. The Government Finance Officers Association recommends that a taxing entity hold at least the minimum balance of 17% in its unassigned balance. The county is currently at 22% of annual revenues.

The fund balance of the County's General Fund increased by \$1,741,623 during fiscal year 2020.

**General Fund Budgetary Highlights** 

Budgetary constraints and monitoring have played a key role in financial management. Aside from the current pandemic a combination of increased service requests along with state and federal mandates all add up to the necessity of cutting costs where possible. It has been these efforts that have enabled Val Verde County to maintain sufficient fund balances in the County's operating funds while trying to keep the tax rates stable. The County is very dependent upon the actions of the state and federal governments to finance special capital projects and some operating and capital expenditure programs.

The Countys position continued to be sound over the past year with actual operating results better than originally estimated considering the current environment. Some of the factors which enabled the County to maintain this improved level were:

- Most departments operated well within their appropriated budgets due to several factors; COVID-19 which
  restricted travel and limited office staff, requiring employees to work remotely resulting in cutting cost for
  operating expenses throughout the County.
- Federal and State grants were awarded to help assist in protecting its citizens from COVID-19.
- Federal Emergency Management Agency (FEMA) awarded a grant from a prior year flood.
- Collection of property taxes increased by approximately one million.
- The Interest and Sinking Fund assessed a lower tax rate and it was absorbed into the General Fund.

Looking ahead, Val Verde County must continue to monitor all financial resources and carefully plan for future years while continuing to protect its citizens from the deadly pandemic of COVID-19. An increase in growth in some areas of the County offers hope for the future while some areas of the County are not experiencing sustained economic growth. The Court will continue to work with a spirit of cooperation and have the fortitude to meet the future needs of governmental operations.

Additional budgetary information can be found on pages 59 and 66-75 of this report.

#### Road and Bridge Fund

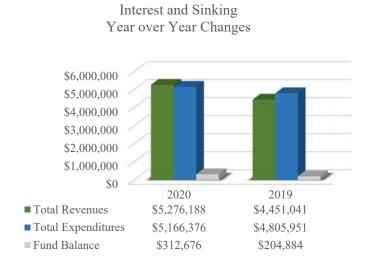

The Road and Bridge Fund accounts for the maintenance costs of highway and roads. Revenues are a combination using Property Taxes, Fees of Office, Interest and Transfers from the General Fund. The Road and Bridge Fund had a beginning fund balance of \$172,000 and ended the fiscal year at \$0 as the actual transfers from the General Fund were under budget.

Additional budgetary information can be found on pages 59 and 66-75 of this report.

#### **Interest and Sinking Fund**

Interest and Sinking fund is used to facilitate the County's debt. The fund balance will be drawn down to the required

levels for the subsequent year's debt obligations. The County will assess a lower amount than needed for current payments in the subsequent fiscal year due to fund balance.

Additional budgetary information can be found on pages 59 and 66-75 of this report.

Capital Assets. The County's investment in capital assets for its governmental type activities as of September 30, 2020, amounts to \$41,513,294. This investment in capital assets includes land, buildings and improvements, machinery and equipment, and infrastructure. The major addition this fiscal year was the purchase of approximately 2,900 acres to be used for future development of recreational activities along with the safeguarding of life and land from residential encroachment, securing the flight patterns from the United States Laughlin Air Force Pilot training base.

**Long-term Debt Obligations.** At the end of the 2020 fiscal year, the County had total long term debt outstanding of \$30,576,656. Of this amount, \$8,150,000 is debt backed by property taxes of the County. The remainder is either financed with flow through agreements (\$13,270,00) with the state or financed with maintenance and operation funds (\$1,631,800). The balance of the debt is long-term obligations comprised of items that do not have material outflow of funds and fluctuates from year to year. The county maintains a credit rating of A and an outlook of stable from rating agency S&P Global.

The County is authorized under Article III, Section 52 of the State Constitution to issue bonds payable from ad valorem taxes. There is no constitutional or statutory limit as to the number of bonds issued pursuant to such constitutional provision. However, the amount of bonds which may be issued is limited to 25% of the assessed valuation of real property in the County.

The Attorney General of Texas has administratively by rule limited the amount of bonds the office will approve to an amount which produces debt service requirements not to exceed .40 cents of the foregoing .80 cents maximum tax rate, calculated at 90% of collections. Counties that have adopted the .30 cents per \$100 Farm-to-Market/Flood Control Tax may also pledge this tax for debt service for related projects.

Ad valorem tax supported debt increased by \$3,088,723 to \$8,150,000. This amount is well below the state statutory limit of approximately \$653 million. The annual payment amount is also well below the Texas Attorney Generals limit of approximately \$9 million at \$1,210,000

Due to the passage of Senate Bill 2 during the 86<sup>th</sup> Texas Legislature limiting the amount a tax rate can be raised for maintenance and operations of the county to 3.5%. The tax rate for debt can be raised to its statutory limits. The court believes that the tax burden of an asset should be spread through the life of the asset and will continue to finance capital assets.

Additional information on the County's long-term debt can be found in the notes to the financial statements on pages 44-45.

#### ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

Commissioners Court passed its budget on September 29, 2020. The annual budget is developed to provide efficient, effective, and economic uses of the County's resources, as well as a means to accomplish the highest priority objectives. Through the budget, the Commissioners Court sets the direction of the County by establishing its priorities, setting the tax rate and allocating its resources.

In calculating the taxes for the fiscal year ending 2021 budget, the County had a net taxable appraised value of \$3.144 billion, which was \$403 million more than the previous year, a 15% increase. The increase is mainly due to increased property values in pipeline properties and new property added to the tax roll.

These indicators were taken into account when adopting the budget for 2021. The tax rate adopted by the Commissioners Court for the 2021 budget was set at \$.5121 per hundred-dollar valuation, which is a decrease of \$.0116.

Commissioners Court is going to draw down its unassigned fund balance by approximately \$1.8 million dollars for funding of capital expenditures and capital projects which include upgrades on judicial software, continuation of the

Frontera road project and increase contingency for emergency funding due to COVID-19. The remaining budgeted fund balance is still within the recommended minimum level by the Government Finance Officers Association (GFOA) of 16% or 60 days. The Auditor's Office has complied with the GFOA risk assessment to determine that, property valuations, the main revenue source for the general fund (72%) is not at risk due to the current pandemic and it does not warrant holding a higher balance.

The County's employer retirement contribution rate decreased from 12.53% to 12.21% effective January 2021. The County is not mandated to pay this rate. The health insurance rates increased from \$522.25 per employee per month to \$522.51. The County has one of the best employee benefit programs in the area and uses it to compete for exceptional employees looking for rewarding careers in local government.

In early 2021 the federal government passed the American Rescue Plan Act (ARPA). The county will receive an estimated amount of \$9,500,000 to be used for COVID related expenses and defined infrastructure projects.

#### 87th Texas Legislation major impact bills:

House Bill 1869 goal is to limit tax increases for any debt unless it has gone to election and approved by the voters. House Bill 35 goal is to enact that all newly issued bond debt has to be approved by voters only in a November election and 25% of the registered voters, have to vote.

Needless to say, if these two bills were passed it will have a major and significate impact on county operations as voters will have to approve all new debt including asset rotation debt. In a rising interest rate environment, the taxpayers will pay more for debt even if they approve of the debt due to the delay in waiting until November. If less than one quarter of the registered voters do not vote, the debt will still have to come from the maintenance and operations side of the tax rate calculation which is limited to 3.5% after the implementation of Senate Bill 2 during the 86<sup>th</sup> Texas Legislation session.

#### REQUEST FOR INFORMATION

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the County's finances and to demonstrate the County's accountability for the funds it receives. The accompanying notes are an integral part of these financial statements.

#### I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of Val Verde County, Texas ("County") have been prepared in conformity with generally accepted accounting principles ("GAAP") in the United States of America for local governmental units. The Governmental Accounting Standards Board ("GASB") is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The most significant accounting and reporting policies of the County are described in the following notes to the financial statements.

#### A. Reporting Entity

The County is a public corporation and a political subdivision of the State of Texas. The Commissioners' Court, comprised of the County Judge and four County Commissioners, all of whom are elected officials, is the governing body of the County. The authority of the County governments and their specific functions and responsibilities are created by and dependent upon laws and legal regulations of the Texas State Constitution and Vernon's Annotated Statues and Codes (V.A.C.S).

The County provides a vast array of services which include public safety, correctional facility, administration of justice, health and welfare services, construction and maintenance of roads, bridges and facilities, culture and recreation via libraries, and other various administrative services such as tax collection, recording records, etc.

As required by GAAP, the financial statements of the reporting entity consists of (a) the primary government (b) organizations for which the primary government is not accountable and (c) the organizations for which the primary government is not accountable, but for which the nature and significance of the relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. It has been determined, based on the above, that the County, effective for the year ended September 30, 2020, includes all funds of the County with no component units. Additionally, the County is not a component unit of any other report.

## B. Implementation of New Standards

In the current fiscal year the County implemented the following new standards:

Statement No. 84, "Fiduciary Activities." The requirements of this Statement will take effect for financial statements starting with the fiscal year that includes December 31, 2019. This new pronouncement was implemented in fiscal year 2020.

### C. Financial Statement Presentation, Measurement Focus and Basis of Accounting

#### Government-wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. Interfund services provided and used are not eliminated in the process of consolidation. Governmental activities primary support is derived from taxes, fees and intergovernmental revenues.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

#### I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) operational grants and contributions and 3) capital grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues. Miscellaneous general revenues contain non-program specific contributions.

Fiduciary funds are excluded from the government-wide presentation of financial statements.

#### **Fund Statements**

The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the county considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, and claims and judgments, are recorded only when payment is due or when amounts have been accumulated in the debt service fund for payments to be made early in the following year. Capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources. Property taxes, sales taxes, licenses, charges for services, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Entitlements are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end). Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end). All other revenue items are considered to be measurable and available only when cash is received by the government.

All fiduciary funds are accounted for using the accrual basis of accounting. Revenues are recognized when earned, and expenses are recognized when they are incurred. Claims incurred but not reported are included in payables and expenses. These funds are accounted for using an economic resources measurement focus. This means that all assets and liabilities (whether current or non-current) associated with their activity are included in the funds statement of net position. The agency funds are custodial in nature and involve no measurement of results of operations.

The accounts of the County are organized and operated on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures/expenses. Government resources are allocated to and accounted for in individual funds based on the purpose for which they are to be spent and the means by which spending activities are controlled.

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds. Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

The fund financial statements provide information about the government's funds, including its fiduciary funds. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as nonmajor funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

#### I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Funds are classified into three categories: Governmental, Proprietary, and Fiduciary. The major funds of the County are noted within each category. The County currently has no proprietary funds.

The County reports the following major governmental funds:

<u>General Fund</u> is the primary operating fund of the County and always classified as a major fund. It is used to account for all activities except those legally or administratively required to be accounted for in other funds.

<u>Interest and Sinking Fund</u> is used to account for the accumulation of resources for, and the payment of, long-term debt principal, interest and related costs.

<u>SL 79 Loop Fund</u> is a special fund established by the County that are assigned to be used to account for capital asset expenditures of the 11-mile congestion relief route project around the City of Del Rio.

Additionally, the County reports the following fund types:

**<u>Road and Bridge Fund</u>** is used to account for resources used in the construction and maintenance of County roads and bridges.

<u>Special Revenue Funds</u> are used to account for funds that are restricted as to use by Federal or State governments and to account for the proceeds of specific revenue sources that are restricted by county ordinance to expenses for specified purposes.

<u>Capital Projects Fund</u> is a special fund established by the County that are assigned to be used to account for capital asset expenditures, including construction of major facilities and other capital assets.

Tax Note 2013
Tax Note 2016
Library Project
2019 Certificate of Obligations
Tax Note 2019

<u>Fiduciary Funds</u> – Agency funds are used to account for the assets that are held for the benefit of others or as an agent for individuals, private organizations, other governmental units, and/or other funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The agency fund has no measurement focus but utilizes the accrual basis of accounting for reporting its assets and liabilities.

#### I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

#### D. Budgets

Budgets are adopted on a basis consistent with generally accepted accounting principles. Annual appropriated budgets are adopted for the General Fund, Road and Bridge Fund and Interest and Sinking Fund.

#### E. Cash and Cash Investments

The County's basic financial statements include the cash accounts of all funds handled by the Office of the County Treasurer/County Auditor. Cash includes amounts in demand deposits. Investments (invested cash) consist of short-term certificates of deposit and are stated at cost. Interest income pertaining to the certificates of deposit is recorded in the fiscal year end on an accrual basis.

In accordance with the State of Texas Statutes, County funds not immediately required to pay obligations may be invested in direct debt securities of the United States, fully collateralized security repurchase agreements purchased under a master contractual agreement that specifies the rights and obligations for which the principal and interest are guaranteed by the County depository, obligations for which the principal and interest are guaranteed by the United States and direct obligations of or participation certificates guaranteed by the Federal Intermediate Credit Banks, Federal Land Banks, Federal National Mortgage Association, Federal Home Loan Banks, or Banks for Cooperatives.

### F. Interfund Receivables/Payables

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as "due from other funds" or "due to other funds" on the balance sheet.

### G. Capital Assets

Capital assets, which include land, buildings and improvements and equipment, are reported in the government-wide financial statements. Capital assets are defined as assets with an initial, individual cost of \$5,000 or more and an estimate useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost constructed. Donated capital assets are recorded at acquisition cost, which is the price that would be paid to acquire an asset with equivalent service potential at the acquisition date.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the assets' lives are not capitalized. Property, plant and equipment of the primary government is depreciated using the straight-line method over the following useful lives:

| Assets                | Life in Years |
|-----------------------|---------------|
| Buildings             | 50            |
| Improvements          | 20            |
| Furniture & Equipment | 10            |
| Automotive            | 8             |
| Computer Equipment    | 5             |

### H. Fund Balance Classification

The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the County is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:

• Nonspendable: This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact. Nonspendable items are not expected to be converted to cash or are not expected to be converted to cash within the next year.

#### I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

- Restricted: This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation.
- Committed: This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action such as a resolution of the Commissioners Court. These amounts cannot be used for any other purpose unless the Commissioners Court removes or changes the specified use by taking the same type of action that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements.
- Assigned: This classification includes amounts that are constrained by the County's intent to be used
  for a specific purpose but are neither restricted nor committed. This intent can be expressed by the
  Commissioners Court.
- Unassigned: This classification includes the residual fund balance for the General Fund. The
  unassigned classification also includes negative residual fund balance of any other governmental fund
  that cannot be eliminated by offsetting of assigned fund balance amounts.

Sometimes the County will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

## I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Fund Balances by classification as of September 30, 2020, pursuant to GASB 54 are as follows:

|   | Major Funds     |                     |                               | Nonmajo                  | Total                     |                       |  |
|---|-----------------|---------------------|-------------------------------|--------------------------|---------------------------|-----------------------|--|

#### I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

#### I. Long-term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities or proprietary fund type statement of net assets.

Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the term of the related debt. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financial sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received are reported as debt service expenditures.

### J. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. Deferred outflows consist of, when applicable, deferred charges on refundings, the changes in fair value of the hedging derivative instruments that are applicable to future reporting periods, pension contributions after measurement date, the differences in projected and actual earnings on pension assets, and changes in pension assumptions. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. Pension contributions after measurement date are deferred and recognized in the following fiscal year. The difference in projected and actual earnings on pension assets are amortized over a closed five-year period. Pension assumption changes are recognized over the average remaining service life for all members.

Deferred outflows for other postemployment benefits ("OPEB") other than pensions include changes in the net OPEB liability that have not been included in OPEB expense. They are required to be reported as deferred outflows of resources or deferred inflows of resources related to OPEB.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. Deferred inflows consist of, when applicable, the changes in fair value of the hedging derivative instruments that are applicable to future reporting periods, differences in expected and actual pension experience, and unavailable revenue. Unavailable revenue is reported only in the governmental funds balance sheet. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. Difference in expected and actual pension experience is deferred and recognized over the estimated average remaining lives of all members determined as of the measurement date.

#### K. Federal and State Grants

Revenue from federal and state grants is recognized on the basis of actual expenditures incurred, limited to the amount of the total grant award. During the year ended September 30, 2020, the County applied for and received federal and state grants related to various activities. The operations of these grants are reported in the general fund and various special revenue funds. Most of these grants are reimbursement type grants, therefore, revenues equal expenditures. Grant revenues are classified as intergovernmental revenues. Federal grants are covered by the requirements of the Single Audit Act and Title 2 U.S. Code of Federal Regulations (CFR) Part 200 (Uniform Guidance) while state grants are covered by the State of Texas Uniform Grant Management Standards ("UGMS").

#### I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

#### L. Property Taxes

Property subject to taxation is real property and certain personal property situated in the County. The County's property tax is levied on October 1 based on the assessed value listed as of the preceding January 1 for all real and business personal property located in the County in accordance with enabling state legislation. Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed. On January 1 of each year, a tax lien attaches to property to secure the payment of all taxes, penalties, and interest ultimately imposed. Interest and penalties of 7% plus 2% a month are added for payments received in February, March, April, May, and June. The assessed valuation (not including freeze) of taxable property for the year 2019 was \$3,229,571,847 for the County which represent 100% of appraised value. Tax rate per \$100 of taxable value is \$.499 for the general and debt service funds and \$.0238 for the road and bridge fund. Taxes receivable are reduced by an allowance of 4% for estimated uncollectible taxes. Revenues from property taxes are recognized in the current year to the extent they are available to finance current year expenditures. The County is permitted to levy a tax rate up to \$.80 per \$100 valuation and the Court may levy the tax rate needed for its governmental services as long as the Court does not impair any outstanding bonds or other obligations or exceed the \$.80 per \$100 valuation for the year. The legislature may authorize an additional \$.15 ad valorem tax for maintenance of public roads and bridges or a \$.30 ad valorem tax to be levied for road and flood control provided the majority of the qualified voters of the County approve the additional taxes. Due to limitations imposed by state law, cases in which accumulated taxes exceed property value and other problems in tax collection, allowances have been provided for uncollectible accounts.

#### M. Compensated Absences

All full-time employees are eligible for twelve days of vacation upon the completion of their first year of employment and through year four of employment, five to ten years of employment earn fourteen days of vacation, eleven to fifteen years of employment earn seventeen days of vacation and employees with fifteen or more years of employment earn twenty-two days of vacation. On the last day of the month following this first anniversary and each month thereafter, the employee shall accrue earned vacation leave at the rate of 8 to 14.66 hours per month depending on years of service.

Sick leave is accrued by full-time employees at the rate of 8 hours per month beginning the last day of the month in which the new employee is hired. Upon termination of employment, unused sick leave is cancelled without compensation. Sick leave may be accumulated up to 60 days.

#### N. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expenses, information about the Fiduciary Net Position of the Texas County and District Retirement System (TCDRS) and additions to/deductions from TCDRS's Fiduciary Net Position have been determined on the same basis as they are reported by TCDRS. For this purpose, plan contributions are legally due. Benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### O. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

#### P. Net Position

Net position represents the difference between assets and liabilities. Net position invested in capital assets, consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvements of those assets, and adding back unspent proceeds. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislations adopted by the County or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The County first applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

#### II. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

A. Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and government-wide statement of activities.

The governmental fund statement of revenue, expenditures, and change in fund balance includes reconciliation between *net changes in fund balance* – *total governmental funds* and *changes in net assets of governmental activities* as reported in the government-wide statement of activities. One element of that reconciliation indicates, "Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense".

The detail of this \$5,822,647 is as follows:

| Capital outlay-additions                                  | \$<br>8,269,074 |
|---|-----------------|
| Depreciation expense                                      | (2,446,427)     |
| Net adjustment to decrease net changes in fund balance-   |                 |
| total governmet funds to arrive at change in net position |                 |
| of govermental activities (Exhibit C-4)                   | \$<br>5,822,647 |

#### III. DETAILED NOTES ON ALL FUNDS

#### A. Deposits and Investments

The County is authorized to invest in obligations and instruments as defined in the Public Funds Investment Act (Sec. 2256.001 Texas Government Code). Such investments include (1) obligations of the United States or its agencies, (2) direct obligations of the State of Texas or its agencies, (3) obligations of political subdivisions rated not less than A by a national investment rating firm, (4) certificates of deposit, and (5) other instruments and obligations authorized by statute.

In fiscal year 2017, the County adopted GASB Statement No. 72 ("GASB 72"), Fair Value Measurement and Application. GASB 72 was issued to address accounting and financial reporting issues related to fair value measurements.

Pursuant to subchapter G of chapter 404, the Comptroller of Public Accounts administers the Texas Local Government Investment Pools (the TexPool Portfolios) as public funds investment pools through the Texas Treasury Safekeeping Trust Company. The fair valve of the position in TexPool is the same as the value of TexPool shares.

Texas CLASS measures its investments at fair value in accordance with paragraph 41 of statement 79 and paragraph 11 of statement 31 of the GASB implementation guide, and therefore a participant's investment in Texas CLASS is not required to be categorized within the fair value hierarchy for purposes of paragraph 81a(2) of Statement 72 of the GASB implementation guide.

## III. DETAILED NOTES ON ALL FUNDS - CONTINUED

At September 30, 2020, the carrying amount of the County's deposits was \$6,047,160 and total bank balances equaled \$7,130,496.

The fair values of investments at September 30, 2020 are summarized as follows:

*Interest Rate Risk* – In accordance with state law, the County does not purchase any investments with maturities greater than 10 years.

*Credit Risk* – In accordance with state law, investments in mutual funds and investment pools must be rated at least AAA, and investments in obligations from other states, municipalities, counties, etc. must be rated at least A. TexPool and Texas Class investments of the County are rated AAAm by Standard & Poor's rating services.

**Concentration of Credit Risk** – The County places no limit on the amount the County may invest in any one issuer. The County is currently using the less risky pooled accounts.

|                         | Rate  | WAM (Days) | Fair Value   |
|-------------------------|-------|------------|--------------|
| General Fund            |       |            |              |
| TexPool                 | 1.92% | 38         | \$ 63,146    |

#### C. InterFund Balances and Transfers

In the fund financial statements, interfund balances are the result of normal transactions between funds that will be liquidated in the subsequent fiscal year. The following is a summary of amounts due from and due to other funds:

| Receivable Fund | Payable Fund  |    | Amount    |
|-----------------|---------------|----|-----------|
| General         | Payroll       | \$ | 125       |
| General         | Road & Bridge |    | 2,097     |
| General         | Grants        |    | 391,337   |
| General         | Grant Account |    | 910,000   |
| General         | General       |    | 3,015,027 |
| Payroll         | Grants        |    | 613,803   |
| Non-major       | Non-major     |    | 1,069,214 |
| Non-major       | General       | _  | 287,048   |
|                 |               | \$ | 6,288,651 |

Interfund transfers for the fiscal year ended September 30, 2020, are summarized below:

| Trans fer from             | Amount          | Transfer to               | Purpose               |
|----------------------------|-----------------|---------------------------|-----------------------|
| Capital project SL 79 fund | \$<br>3,750,000 | Interest and sinking fund | Debt payment          |
| General fund               | 365,824         | Interest and sinking fund | Debt payment          |
| Nonmajor funds             | 1,493,314       | General fund              | Payroll               |
| General fund               | 1,625,096       | Nonmajor funds            | Continuing operations |
| Nonmajor funds             | <br>26,483      | General fund              | Reclassification      |
| Total transfers            | \$<br>7,260,717 |                           |                       |

#### D. Long-term Debt

Series 2011 Pass Through Toll Revenue and Limited Tax Bonds were issued on September 26, 2011, payable in annual installments with interest at 2% to 4%. The repayment amount beginning August 13, 2013 will include principal and interest for a total payment of \$3,703,413. This bond repayment will come from funding provided by Texas Department of Transportation in the form of a pass-through toll agreement between Val Verde County and TxDOT. The payment from TxDOT will range from a minimum of \$3,750,000 a year to a maximum of \$7,500,000 a year to be based upon the number of vehicle miles traveled on the project. Any surplus money received by Val Verde County (reimbursed money from TxDOT in excess of the stated repayment amount of the bonds) will be used to pay down the outstanding bonds issued for the project.

The County issued \$6,000,000 of Limited Tax Bonds, Series 2014, on November 6, 2014. The tax bonds have an interest rate of 2.31% and mature on August 15, 2024.

The County issued \$2,545,000 of Limited Tax Notes, Series 2016, on September 28, 2016. The tax notes have an interest rate of 1.97% and mature on August 15, 2023.

#### III. DETAILED NOTES ON ALL FUNDS - CONTINUED

In the 2020 fiscal year the County issued \$4,300,000 of Texas Combination Tax and United Pledge Revenue Certificate, Obligation Series 2019, on October 01, 2019 to make permanent public improvements and for other public purposes. The certificate of obligations have an interest rate of 1.88% and 3.05% and a maturity date of February 01, 2024.

In the 2020 fiscal year the County issued \$1,700,000 of Revenue Notes, Taxable Series 2019, on October 01, 2019 for the acquisition, improvement, and equipping of acquired property and payment of other professional services related to design, construction, installation and financing of aforementioned project. The tax notes have an interest rate of 4.25% and a maturity date of February 01, 2024.

The County has entered into certain long-term lease-purchase agreements for the purpose of financing the purchase of equipment. In as much as the leases are financing arrangements, which transfer the ownership of the assets to the County at the end of the respective lease terms. Capital Lease Obligations are secured by leased equipment, payable in various monthly or quarterly installments with interest at 3.70% to 7.35%.

| Public facilities                         | 164,909         |
| Total                                     | \$<br>2,446,427 |

## F. Litigation

The county attorney reports some significant pending or threatened lawsuits, claims or assessments. While the outcome of the above noted proceedings cannot be predicted, the opinion of management of these lawsuits may not have a material adverse effect on the accompanying financial statements.

#### III. DETAILED NOTES ON ALL FUNDS - CONTINUED

## G. Contingent Liabilities and Commitments

The County has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to requests for reimbursements to the grantor agency for expenditures disallowed under the terms of the grant. A contingent liability was not established because potential reimbursements are considered immaterial.

## H. Prior Period Adjustment

Adjustments to the fund balance and net position during the 2019-2020 year consisted of the following:

|   | Other Nonmajor |         |       |        |    |         |  |  |
|---|----------------|---------|-------|--------|----|---------|--|--|

#### IV. OTHER INFORMATION

#### A. Employees' Retirement Plan

### **Plan Description**

The County participates in the Texas County & District Retirement System (TCDRS), which is a statewide, agent multiple-employer, public employee retirement system.

The County provides retirement, disability, and death benefits for all of its fulltime employees through a nontraditional defined benefit pension plan in the TCDRS. The Board of Trustees of TCDRS is responsible for the administration of the statewide agent multi-employer public employee retirement system consisting of 701 nontraditional defined benefit pension plans.

TCDRS in the aggregate issues a comprehensive annual financial report on a calendar year basis. The comprehensive annual financial report is available upon request from the TCDRS Board of Trustees at P. O. Box 2034, Austin, Texas 78768-2034 or on their website at www.tcdrs.org.

The plan provisions are adopted by the governing body of the County, and can be amended, within the options available in the Texas state statutes governing TCDRS (TCDRS Act). Members can retire at ages 60 and above with 8 or more years of service, with 20 years of service regardless of age, or when the sum of their age and years of service equals 75 or more. Members are vested after 8 years of service but must leave their accumulated contributions in the plan to receive any employer-financed benefit. Members who withdraw their personal contributions in a lump sum are not entitled to any amounts contributed by the County.

#### IV. OTHER INFORMATION - CONTINUED

Benefit amounts are determined by the sum of the employee's contributions to the plan, with interest, and employer-financed monetary credits. The level of these monetary credits is adopted by the governing body of the County within the actuarial constraints imposed by the TCDRS Act so that the resulting benefits can be expected to be adequately financed by the County's commitment to contribute. At retirement, death, or disability, the benefit is calculated by converting the sum of the employee's accumulated contributions and the employer-financed monetary credits to a monthly annuity using annuity purchase rates prescribed by the TCDRS Act.

#### Employees covered by benefit terms

At the December 31, 2019 valuation and measurement date, the following employees were covered by the benefit terms:

| Inactive employees or beneficiaries currently receiving benefit | 145 |
|---|-----|
| Inactive employees entitled to but not yet receiving benefits   | 229 |
| Active employees  | 280 |
| Total   | 654 |

#### **Contributions**

The contribution rates for employees in TCDRS are either 4%, 5%, 6%, or 7% of employee gross earnings, as adopted by the employer's governing body. Participating employers are required to contribute at actuarially determined rates to ensure adequate funding for each employer's plan. Under the state law governing TCDRS, the contribution rate for each entity is determined annually by the actuary and approved by the TCDRS Board of Trustees. The replacement life entry age actuarial cost method is used in determining the contribution rate. The actuarially determined rate is the estimated amount necessary to fund benefits in an orderly manner for each participate over his or her career so that sufficient funds are accumulated by the time benefit payments begin, with an additional amount to finance any unfunded accrued liability.

Employees for the County were required to contribute 7% of their annual gross earnings during the fiscal year. The contribution rates for the County were 12.02% and 12.53% in calendar years 2019 and 2020, respectively. The County's contributions to TCDRS for the year ended September 30, 2020 were \$1,324,521 and were equal to the required contributions.

## **Net Pension Liability**

The County's Net Pension Liability (NPL) was measured as of December 31, 2019, and the Total Pension Liability (TPL) used to calculate the Net Pension Liability was determined by an actuarial valuation as of that date.

## Actuarial Assumptions

The Total Pension Liability in the December 31, 2019, actuarial valuation was determined using the following actuarial assumptions:

Inflation 2.75% per year Overall payroll growth 3.25% per year

Investment rate of return 8.00%, (Gross of administrative expenses)

#### IV. OTHER INFORMATION - CONTINUED

Mortality rates for active members, retirees, and beneficiaries were based on the following:

Depositing members 90% of the RP-2014 Active Employee Mortality Table for males and 90%

of the RP-2014 Active Employee Mortality Table for females, projected

with 110% of the MP-2014 Ultimate scale after 2014.

Service retirees, beneficiaries and non-depositing members

130% of the RP-2014 Healthy Annuitant Mortality Table for males and 110% of the RP-2014 Healthy Annuitant Mortality Table for females, both

projected with 110% of the MP-2014 Ultimate scale after 2014.

Disabled retirees 130% of the RP-2014 Disabled Annuitant Mortality Table for males and

115% of the RP-2014 Disabled Annuitant Mortality Table for females, both projected with 110% of the MP-2014 Ultimate scale after 2014.

The actuarial assumptions that determined the total pension liability as of December 31, 2019, were based on the results of an actuarial experience study for the period January 1, 2013 through December 31, 2016, except where required to be different by GASB 68. TCDRS' actuarial assumptions are periodically reviewed and revised as deemed necessary to reflect best estimates of future experience. Every four years, the TCDRS consulting actuary conducts an investigation of experience, TCDRS assumptions are compared to plan experience and future expectations, and changes to the assumptions are recommended as needed.

The long-term expected rate of return on pension plan investments is 8.00%. The pension plan's policy in regard to the allocation of invested assets is established and may be amended by the TCDRS Board of Trustees.

## IV. OTHER INFORMATION - CONTINUED

The long-term expected rate of return on TCDRS assets is determined by adding expected inflation to expected long-term real returns, and reflecting expected volatility and correlation. The capital market assumptions and information shown below are provided by TCDRS' investment consultant, Cliffwater LLC. The target allocation and best estimates of geometric real rates return for each major assets class are summarized in the following table:

| Asset Class                        | Benchmark   | Target Allocation (1) | Geometric Real<br>Rate of Return<br>(Expected minus<br>Inflation) (2) |

<sup>(1)</sup> Target asset allocation adopted at the June 2020 TCDRS Board meeting.

#### Discount Rate

In order to determine the discount rate to be used by the employer, TCDRS has used an alternative method to determine the sufficiency of the fiduciary net position in all future years. The alternative method reflects the funding requirements under the employer's funding policy and the legal requirements under the TCDRS Act: 1) TCDRS has a funding policy where the Unfunded Actuarial Accrued Liability (UAAL) shall be amortized as a level percent of pay over 20-year closed layered periods, 2) Under the TCDRS Act, the employer is legally required to make the contribution specified in the funding policy, 3) The employer's assets are projected to exceed its accrued liabilities in 20 years or less, when this point is reached the employer is still required to contribute at least the normal cost, 4) Any increased cost due to the adoption of a COLA is required to be funded over a period of 15 years, if applicable. Based on the above, the projected fiduciary net position is determined to be sufficient compared to projected benefit payments. Based on the expected level of cash flows and investment returns to the system, the fiduciary net position as a percentage of total pension liability is projected to increase from its current level in future years. Since the projected fiduciary net position is projected to be sufficient to pay projected benefit payments in all future years, the discount rate for purposes of calculating the total pension liability and net pension liability of the employer is equal to the long-term assumed rate of return on investments. This long-term assumed rate of return should be net of investment expenses, but gross of administrative expenses for GASB 68 purposes. Therefore, we have used a discount rate of 8.10%. This rate reflects the long-term assumed rate of return on assets for funding purposes of 8.00%, net of all expenses, increased by 0.10% to be gross of administrative expenses.

<sup>(2)</sup> Geometric real rates of return equal the expected return minus the assumed inflation rate of 1.80%, per Cliffwater's 2020 capital market assumptions.

<sup>(3)</sup> Includes vintage years 2006-present of Quarter Pooled Horizon IRRs.

<sup>(4)</sup> Includes vintage years 2005-present of Quarter Pooled Horizon IRRs.

<sup>(5)</sup> Includes vintage years 2007-present of Quarter Pooled Horizon IRRs.

## Pension Plan Fiduciary Net Position

Detailed information about the pension plan's Fiduciary Net Position is available in a separately-issued TCDRS financial report. The report may be obtained on the Internet at <u>www.tcdrs.org</u>.

<sup>(2)</sup> No plan changes valued.

<sup>(3)</sup> Relates to allocation of system-wide items.

## IV. OTHER INFORMATION - CONTINUED

## <u>Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions</u>

For the year ended September 30, 2020, the County recognized pension expense of \$1,530,145.

At September 30, 2020, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

|                                  |    | Deferred   | Deferred |              |  |  |
|----------------------------------|----|------------|----------|--------------|--|--|
|                                  |    | Inflows    |          | Outflows     |  |  |
|                                  | 0  | fResources |          | of Resources |  |  |
| Differences between expected     |    |            |          |              |  |  |
| and actual economic experience   | \$ | 270,432    | \$       | 87,107       |  |  |
| Changes of assumptions           |    | -          |          | 48,740       |  |  |
| Net difference between projected |    |            |          |              |  |  |
| and actual earnings              |    | 1,296,250  |          | -            |  |  |
| Contributions made subsequent    |    |            |          |              |  |  |
| to measurement date              |    |            |          | 1,059,422    |  |  |
| Total                            | \$ | 1,566,682  | \$       | 1,195,269    |  |  |

\$1,059,422 reported as deferred outflows of resources related to pension resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability for the year ending September 30, 2020. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expenses as follows:

| Year Ended   |   |                   |

## B. Other Post-Retirement Health Care Benefits

## 1. Plan Description

The County participates in an agent multiple employer defined benefit plan that is administered though the Texas Association of Counties (TAC). The County provides medical and dental benefits to eligible retirees and their covered dependents.

#### IV. OTHER INFORMATION - CONTINUED

Benefits provided - Eligible retirees will be provided 100% of the individual coverage contribution for medical & dental insurance benefits at a set premium rate equal to the County employees' rate. Eligible retirees may also cover their eligible dependents but are responsible for paying 100% of the premiums. A retiree is defined as someone who is receiving lifetime monthly Texas County and District retirement pension benefit payments and who retired directly from active employment with the County. The County will stop insurance coverage on the retiree and dependent on the last day of the month when one of the following occurs:

- 1. The retiree reaches age 65; or
- 2. The retiree fails to submit the required set premium rate.

Current retirees in the health plan and at retirement, active employees that meet the conditions for retirement from TCDRS (age 60 and above with 8 years or more of service, 20 years of service regardless of age, or when the sum of their age and years of service equals 75 or more) are eligible to remain in the health plan at the flat contribution rate for active and retiree participants.

## **Summary of Significant Accounting Policies**

The plan's transactions are recorded using the accrual basis of accounting. Plan member's and employer's contributions are recognized in the period in which the contributions are due. Benefits and refunds are recognized when due and payable. Investments, if any are reported in a fair value which is the amount the plan could reasonably expect to receive for it in a current sale between a willing buyer and willing seller. Fair value, for financial reporting purposes, is measured by the market price unless such prices are not available in which case, fair market price is estimated.

The County is required by GASB Statement No. 75 to disclose additional information with regard to their funding policy, the employer's annual OPEB cost and contribution made, the funded status and funding progress for the employer's individual plan, and actuarial methods and assumptions used.

## 2. Funding Policy

The County contributions to the Retiree Health Program consist of a pay-as-you-go monthly contribution rate of \$521 per participant. The County contributions to the plan for fiscal year 2020 were \$78,618. Current retirees contribute to the Retiree Health Program without adjustment for age and sex.

#### 3. Annual OPEB Cost & Total OPEB Liability or (Asset)

Employees covered by benefit terms. At September 30, 2020, the following employees were covered by the benefit terms:

| 15  |
|-----|
| -   |
| 232 |
| 247 |
|     |

#### **Total OPEB Liability**

The County's total OPEB liability of \$4,142,547 was measured as of September 30, 2020 and was determined by an actuarial valuation as of that date.

## IV. OTHER INFORMATION - CONTINUED

Actuarial assumptions and other inputs. The total OPEB liability was determined using the following assumptions, applied to all periods included in the measurement, unless otherwise specified:

| Measurement Date:         | September 30, 2020 |
|---------------------------|--------------------|
| Actuarial Valuation Date: | September 30, 2020 |
|                           |                    |
| Inflation:                | 2.50%              |
| Salary Increases:         | 3.50%              |
| Discount Rate:            | 2.25%              |
| Prior Year Discount Rate: | 4.06%              |

Calculations are based on the types of benefits provided under the terms of the substantive plan at the time of each valuation and on the pattern of sharing of costs between the employer and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations on the pattern of cost sharing between the employer and plan members in the future.

Actuarial calculations reflect a long-term perspective.

| Valuation Date:                | September 30, 2020  |
|--------------------------------|---|
| Discount Rate:                 | 2.25%   |
| Inflation Rate:                | 2.50%   |
| Salary Scale:                  | 3.50%   |
| Medical Plan Elections:        | Current and future retirees that meet the following criteria: age 60 with 8 years of service; 20 years of service without regard to age; or the sum of age plus service equals 75, are eligibe to enroll in the base plan.  |
| Postretirement Contribuitions: | The retiree contributes the full contribuition rate for dependent coverage.   |
| Other Benefits:                | Dental benefits are provided to eligible retirees at no cost for individual coverage. The retiree pays the full cost of dependent coverage. A life insurance benefit of \$2,500 on the life of the eligible retiree is provided at no cost to the retiree. These benefits continue to age 65. |

|--|-------------------------|-----------|
| Balance at 9/30/2019                               | \$                      | 4,257,459 |
| Changes for the year:                              |                         |           |
| Service cost                                       |                         | 294,616   |
| Interest   |                         | 181,767   |
| Differences between expected and actual experience |                         | (280,083) |
| Changes in assumptions/inputs                      |                         | (161,093) |
| Change in benefit terms                            |                         | -         |
| Benefit payments                                   |                         | (150,119) |
| Administrative expense                             |                         |           |
| Net changes  | \$                      | (114,912) |
| Balance at 9/30/2020                               | \$                      | 4,142,547 |

There were no changes to the benefit terms.

## **OPEB Sensitivity Analysis of the Trend and Discount Rate**

Total OPEB Expense as of September 30, 2020

The following presents the total OPEB liability of the County as of September 30, 2020, as well as what the County's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current discount rate:

|                              | 1% | 6 Decrease | <u>Current</u> | 1% Increase  |
|------------------------------|----|------------|----------------|--------------|
| Discount Rate:               | \$ | 3,774,249  | \$4,142,547    | \$ 4,544,873 |
| Healthcare Cost Trend Rates: | \$ | 3,597,964  | \$4,142,547    | \$ 4,807,427 |

## OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended September 30, 2020, the County recognized OPEB expense of \$405,110. At September 30, 2020, the County reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

| OPEB Expense                                      |               |
|---|---------------|
| Service cost                                      | \$<br>294,616 |
| Interest cost                                     | 181,767       |
| Changes of benefit terms                          | -             |
| Current recognized deferred outlows/(inflows)     | -             |
| Difference between expected and actual experience | (45,248)      |
| Changes in assumptions or other inputs            | (26,025)      |
| (Other changes, if significant)                   | -             |
| Difference of projected investment earnings       | <br>-         |

\$ 405,110

#### IV. OTHER INFORMATION - CONTINUED

| Deferred Outlows and Inflows                       | Outflows |          | Inflows |         |
|--|----------|----------|---------|---------|
| Differences between actual and expected expreience | \$       | -        | \$      | 234,835 |
| Changes of assumptions or other inputs             |          | <u>-</u> |         | 135,068 |
| Total Deferred Outlows and Inflows                 | \$       | <u>-</u> | \$      | 369,903 |

Amounts reported and deferred outflows of resources and deferred inflows of resources related to OPEB expense will be recognized in OPEB expense as follows:

| Year Ended    |              |
|---------------|--------------|
| September 30: |              |
| 2021          | \$<br>71,273 |
| 2022          | 71,273       |
| 2023          | 71,273       |
| 2024          | 71,273       |
| 2025          | 71,273       |
| Thereafter    | 13,538       |

### C. Deferred Compensation Plan

The County offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all County employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency.

All amounts of compensation deferred under the plan, all property and rights purchased with those amounts, and all income attributable to these amounts, property, or rights are (until paid or made available to the employee or other beneficiary) solely the property and rights of the County (without being restricted to the provisions of benefits under the plan), are subject only to the claims of the County's general creditors. Participants' rights under the plan are equal to those general creditors of the County in the amount equal to the fair market value of the deferred account for each participant.

It is the opinion of the County Auditor that the County has no liabilities for losses under the plan but does have the duty of due care that would be required of an ordinary prudent investor. The County believes that it is unlikely that it will use the assets to satisfy the claims of general creditors in the future.

#### D. Recent Accounting Pronouncements

Statement No. 75, "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions." The requirements of this Statement will take effect for financial statements starting with the fiscal year that ends June 30, 2018. The County implemented the new accounting and reporting pronouncement in the 2018 fiscal year.

Statement No. 82, "Pension Issues – an amendment of GASB Statements No. 67, No. 68, and No. 73." The requirements of this Statement will take effect for financial statements starting with the fiscal year that ends June 30, 2017, except for the requirements of this Statement for the selection of assumptions in a circumstance in which an employer's pension liability is measured as of a date other than the employer's most recent fiscal year-end. In that circumstance, the requirements for the selection of assumptions will take effect for that employer in the first reporting period in which the measurement date of the pension liability is on or after June 15, 2017. The County implemented and incorporated the new pronouncement according to State's TCDRS actuarial annual report.

#### IV. OTHER INFORMATION - CONTINUED

Statement No. 83, "Certain Asset Retirement Obligations." The requirements of this Statement took effect for financial statements starting with the fiscal year that ends June 30, 2020. The County does not have asset retirement obligation transactions that required this pronouncement implementation.

Statement No. 85, "Omnibus 2017." The requirements of this Statement will take effect for financial statements starting with the fiscal year that ends June 30, 2018. The practice issues impacting the identified topics in the 2017 Omnibus applicable to County's financial statements have been implemented.

Statement No. 86, "Certain Debt Extinguishment Issues." The requirements of this Statement will take effect for financial statements starting with the fiscal year that ends June 30, 2018. The County will implement the new pronouncement during the period certain debt extinguishment conditions are met. The County did not have debt extinguishment transactions for this fiscal year.

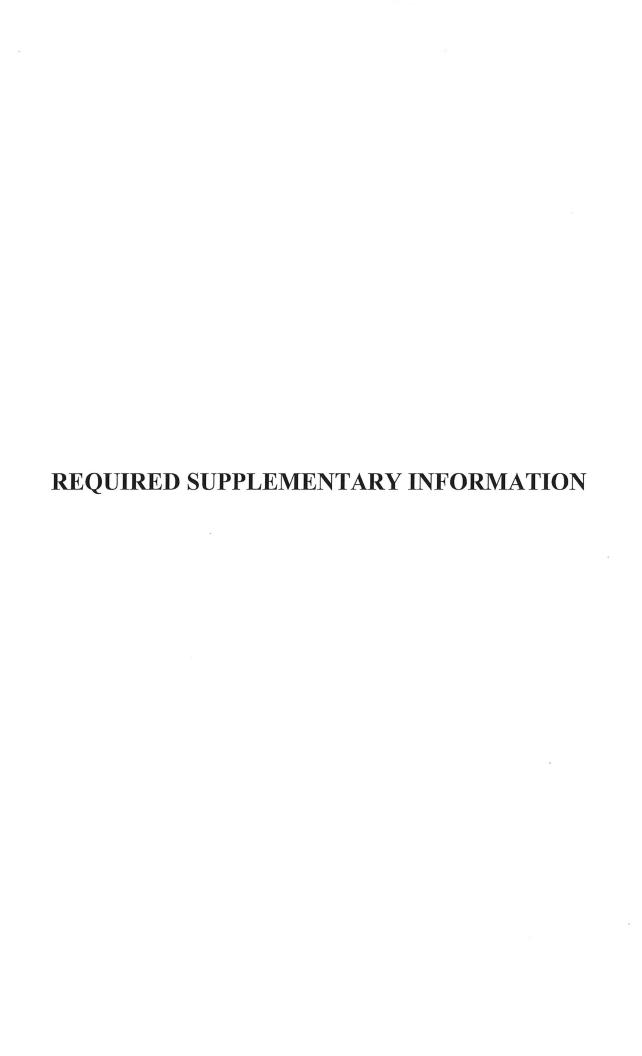

Statement No. 87, Leases ("GASB 87"), requires recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. GASB 87 will be implemented by the County when the new pronouncement conditions are met.

Statement No. 88, Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements ("GASB 88"), this Statement requires additional essential information related to debt be disclosed in the notes to the financial statements, including unused lines of credit; assets pledged as collateral for the debt; and terms specified in debt agreements related to significant events of default with finance-related consequences, significant termination events with finance-related consequences, and significant subjective acceleration clauses. For notes to financial statements related to debt, it also requires that existing and additional information be provided for direct borrowings and direct placements of debt separately from other debt. GASB 88 was implemented by the County in fiscal year 2019.

Statement No. 89, Accounting for Interest Cost Incurred Before the End of a Construction Period ("GASB 89"), this Statement requires that interest costs incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus. As a result, interest costs incurred before the end of a construction period will not be included in the historical cost of a capital asset reported in a business-type activity or enterprise fund. This statement also reiterates that in financial statements prepared using the current financial resources measurement focus, interest cost incurred before the end of a construction period should be recognized as an expenditure on a basis consistent with governmental fund accounting principles. GASB 89 will not impact the County as it currently does not have business-type activities.

Statement No. 90, "Majority Equity Interests - an amendment of GASB Statement No. 14 and No. 61." The requirements of this Statement will take effect for financial statements starting with the fiscal year that ends December 31, 2020. The County currently does not have a majority equity interest for inclusion in the County's financial statements. However, if the County acquires a majority equity interest, the County will implement this pronouncement if applicable.

Statement No. 91, "Conduit Debt Obligations." The requirements of this Statement will take effect for financial statements starting with the fiscal year that ends December 31, 2022. The County currently does not have conduit debt obligations. However, if the County acquires this type of debt the County will implement this pronouncement if applicable.

## VAL VERDE COUNTY, TEXAS

## NOTES TO SCHEDULE OF EMPLOYER CONTRIBUTIONS

## FOR THE YEAR ENDED SEPTEMBER 30, 2020

Valuation Timing Actuarially determined contribution rates are calculated as of December 31, two years prior to the

end of the fiscal year in which the contributions are reported.

Actuarial Cost Method Entry age

Amortization Method Level percentage of payroll, closed

**Remaining Amorization Period** 11.5 years (based on contribution rate calculated in 12/31/2019 valuation)

**Asset Valuation Method** 5-year smoothed market

**Inflation** 2.75%

Salary Increases Varies by age and service. 4.9% average over career including inflation.

Investment Rate of Return 8.00%, net of administrative abd investment expenses, including inflation

Retirement Age

Members who are elgible for service retirement are assumed to commence receiving benefit

payments based on age. The average age at service retirement for recent retirees is 61.

Mortality 130% of the RP-2014 Healthy Annuitant Mortality Table for males and 110% of the RP-2014

Healthy Annuitant Table for females, both projected with 110% of the MP-2014 scale after 2014.

Changes in Assumptions and Methods Reflected in the Schedule of Employer Contributions\* No changes in plan provisions were reflected in the Schedule

Changes in Plan Provisions Reflected in the Schedule of Employer Contributions\* No changes in plan provisions were reflected in the Schedule

<sup>\*</sup>Only changes that affect the benefit amount and that are effective 2015 and later are shown in the Notes to Schedule.

# VAL VERDE COUNTY, TEXAS NOTES TO BUDGETARY SCHEDULE FOR THE YEAR ENDED SEPTEMBER 30, 2020

#### A. BUDGETARY INFORMATION

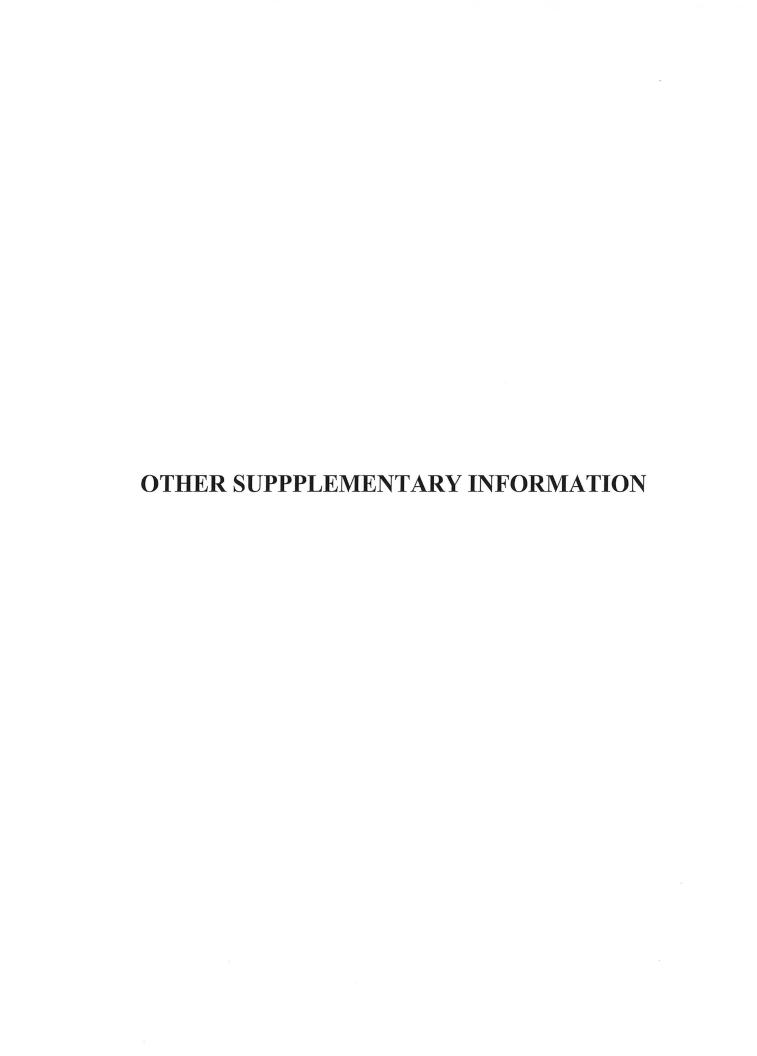

The County Judge is, by state statute, the Budget Officer of the County and has the responsibility of preparing the County's budget. Under the County's budgeting procedures, each department submits a budget request to the County Judge to assist him and the Commissioners' Court on budgetary matters. The County Judge reviews budget requests, holds informal hearings when needed, and fills in columns in budget preparation forms, setting out his budget recommendations to the Commissioners' Court.

The Commissioners' Court holds a public hearing on the budget and department heads may appear. Before determining the final budget, the Commissioners' Court may increase or decrease the amounts requested by the various departments. Expenditure amounts budgeted may not exceed the estimate of budgeted revenues and available fund balance.

When the budget has been adopted by the Commissioners' Court, the County Auditor is responsible for monitoring the expenditures of the various departments of the County to prevent expenditures from exceeding budgeted appropriations and for keeping the members of the Commissioners' Court advised of the condition of the various funds and accounts. Level of control is on a line-item basis.

The following individual funds had adopted budgets for the fiscal year ended September 30, 2020:

- (a) General Fund
- (b) Road and Bridge Fund
- (c) Interest and Sinking Fund

| 2011   | 1,906,258,838       | 476,564,710       | 34,910,000       | (34,910,000)            | (3,288,653)                          | (3,288,653)         | 479,853,363 |

The County is authorized under Article III, Section 52 of the State Constitution to issue bonds payable from ad valorem taxes. There is no constitutional or statutory limit as to the number of bonds issued pursuant to such constitutional provision. However, the amount of bonds which may be issued is limited to 25% of the assessed valuation of real property in the County.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable County Judge and Commissioners' Court Val Verde County, Texas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Val Verde County (the "County"), as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated April 30, 2021.

#### Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**AICPA** 

#### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Honorable County Judge and the Honorable County Commissioners Val Verde County, Texas

### Report on Compliance for Each Major Federal Program

We have audited Val Verde County, Texas (the "County"), compliance with the types of compliance requirements described in the OMB Compliance Supplement that could have a direct and material effect on each of the County's major federal programs for the year ended September 30, 2020. The County's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

#### Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

## Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance.

#### Opinion on Each Major Federal and State Program

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2020.

### Report on Internal Control over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
